

Council Meeting

Field, Heather <FieldH@norfolk.pnn.police.uk>

Tue 11/04/2017 14:30

To: Lisa Aston <Pulhamstmary.pc@outlook.com>;

Lisa

Sorry I had intended to email you before

I thought I would send you a quick email to say thank you for the invite and sorry I am unable to attend.

As you are aware I took over as the Beat Manager for Harleston on the 15th of February 2017 after returning from maternity leave and am now working part-time which means I do four out of the six shifts each set.

Unfortunately PCSO Williamson will be leaving and moving onto a new role in the Early Help Hub based at the South Norfolk Council Offices as of 27th of April. I will be sad to see him go and at the moment there is no plans to replace him.

I have been a Police Officer for ten years and have worked seven of those ten years in South Norfolk mainly covering Harleston area as a response officer and the other three years working in Norwich.

The way that the Beat Managers are now working is based on three monthly street surgeries, I did my first Street Surgery on Wednesday 8th of March at Budgens. During the surgery I had a small questionnaire that I asked members of the public to complete, this gave me the main concerns, areas of concern and thoughts on Police. The answers then give me the priorities that I work on for the next three months until the next surgery, it also gives me the top five speeding locations to monitor.

The surgery gave these priorities :-

- Drugs on the recreation ground and also on Bugens Car park
- Speeding in around Harleston
- Anti social behaviour on the recreation ground.

I am aware that these are all in Harleston but doesn't mean I won't be patrolling Pulham and the other villages and dealing with any issues that come to light.

My next Surgery is planned for the 5th of June 2017, however if there is something that you feel I need to be aware of in the mean time please feel free to email me on sntharleston@norfolk.pnn.police.uk

Regards
Heather

Heather Field

Police Constable 1080

Harleston Beat Manager
